## **Technical Requirements for a hybrid:fusion performance**

The thirty-minute performance happens in a live playing space and is streamed to the Internet.

### **Required:**

- **Strong Internet Connection**
- **A Playing Space (at least 10 feet by 20 feet with area to hang a green screen and light curtains, such as rigging pipes)**
- **Data Projector (such as Epsom Powerlight 1930, 4200 lumens), to run from a computer and mounted so projection fills the playing space (wall and floor) with an HDMI cable to run from a laptop.**
- **Simple Sound System to run from laptop**
- **Two technical support personnel to assist with streaming, lights, and managing live chat**
- **Rudimentary Lighting with dimmers**
